

The Diocese of York Children and Youth Team are hoping that churches from across the Diocese will bring groups to camp together at the Youthscape Satellites event in August.

This is a Christian Festival aimed at helping 13-18 year olds explore what it means to live out a Christian Faith and make a difference in the world, through seminars, worship and activities at the East of England Arena, Peterborough.

Check out the website <https://www.youthscape.co.uk/satellites> and let your church know whether you would like them to book a place for your young person/people.
